Frequently Asked Questions

About Processing:

Can I only email you a scanned version of the fingerprint form for the application instead of the original documents?

We cannot process scanned versions of the fingerprints. The original fingerprint form and other required documents must be sent to our office.

How will I know that you have received my documents?

We will send an email to acknowledge the receipt of your package once we receive it. We recommend you ship your application package with tracking information so that you can monitor your shipment directly. We may not reply to inquiries asking whether your package has been received. Especially if you use a shipping method without tracking information, we will not be able to check the status or continuously provide updates.

How can I get a File Number to put on the Document Checklist?

After we verify your scanned copy of the application package and confirm the payment is received, we will provide you with a File Number. Please write down the provided File Number on the Document Checklist page before you send the original application packages to us. If we receive an application package without a File Number on the form, the application may be delayed at the applicant's responsibility.

How long will it take for Edmonton Fingerprinting Services to process my application after my application package is received?

We will process your application within 3 business days after receiving your application package, and you will receive an email after your application is submitted. If you request urgent processing and pay an Urgent Processing Fee, we will submit the application within 1 business day after receipt of the complete application and payment.

Can I get a confirmation of my application?

We will email you a confirmation document with a Document Control Number (DCN) after your application is submitted to the RCMP.

How long will it take to receive the certified criminal record check from the RCMP after my application is submitted?

If the applicant does not have a criminal record and has never been fingerprinted for a criminal offence in Canada, the RCMP will make every effort possible to process the request within 72 hours of receiving the

electronic submission. The results are mailed to the address provided and extra time should be allowed for delivery by Canada Post (Regular mail).

If there is a criminal record, or if your fingerprints need to be processed manually for any reason, the processing time could be increased to 120 days or more.

(No Criminal Record)	(WITH Criminal Record)
2 to 4 weeks (regular mail within Canada) Hard to estimate (Overseas)	120 days or more

Can I get the status of my application from the Edmonton Fingerprinting Services?

After the application is submitted to the RCMP, the RCMP will send the result to the address provided in the application, and the RCMP will not send any notification or updates to Edmonton Fingerprinting Services. If you choose to authorize Edmonton Fingerprinting Services to receive your result, we can only wait for the result in the mail as well, and we are not able to check the status of your application.

How can I check the status of my application?

If the application has taken longer than the time indicated above, the applicant may inquire about the status of the electronic fingerprints submission by contacting the RCMP via email: CCRTIS-SCICTR@rcmp-grc.gc.ca
The following information must be provided in the inquiring email:

- Applicant's full name
- Applicant's date of birth
- The type of application submitted (Criminal Record Check)
- The date the application was submitted to the RCMP

The certified criminal record check issued by the RCMP needs to be authenticated and legalized by an embassy. Do you provide this service?

Sorry, we do not provide this service at this time.

How should I submit my application to your office?

After we verify your scanned version of the application package and confirm your payment, you will be provided with a file number. Please make sure to write down this number on the Document Checklist page. Include only the documents listed on the Document Checklist in your package; please do not include other information pages, such as instructions or FAQs.

You can mail or courier your application packages directly to us. If you would like to have a family member or friend drop off your application packages at our office, please let us know. The complete address is on the first page of this application package.

Please ensure your application package is delivered to our office within 30 days from the date a File Number was provided by our office. We will send an email to acknowledge the receipt of your package once we receive it. If you do not receive an email from us, it means we have not received your package. We recommend shipping your application package with tracking information so that you can monitor your shipment directly. We may not reply to inquiries asking whether your package has been received. Especially if you use a shipping method without tracking information, we will not be able to check the status or provide continuous updates.

If you use a courier service, please ensure the courier company delivers within our business hours (Monday to Friday: 10 am to 6 pm). If delivery is made outside of our business hours, it will be your responsibility to arrange for redelivery. Our office does not pick up packages from post offices or courier companies. Additionally, our office does not pay any fees or duties for your package delivery; you must ensure all fees are paid to the courier company upfront. Otherwise, we may refuse the package.

Does the Criminal Record Check expire?

Criminal record checks are valid as of the date they were conducted. Results are provided with the date of completion rather than an expiration date. It is up to the requesting organization to determine their own thresholds for how long a check will be considered valid. If it has been too long since the completion of your check, the organization may request a renewal.

Can I conduct a Vulnerable Sector Check with fingerprinting?

RCMP policy states that a Vulnerable Sector Check must be conducted by the local police agency of the jurisdiction where the applicant resides.

If you have initiated the Vulnerable Sector Check through your local police agency and are asked to provide fingerprints to complete the Vulnerable Sector Check, we can assist you with the fingerprinting process and request the results be sent to the requesting police agency from the RCMP. In this case, a request letter from the local police agency is required.

Please ensure that this is the right check for you. Note that a refund will **not** be provided once the check has been processed.

Application Form:

What are the IRCC File Number and UCI?

These two files are mainly used for Canadian Citizenship and Canadian Permanent Resident applications. You can find the application number and UCI from the letters/documents received from the IRCC. If not available, please leave it blank.

Can I request the RCMP mail the result directly to me?

Yes, you can. There is no additional cost for choosing this option. However, please note that the RCMP only uses **regular mail**, and no tracking number will be provided. Since this involves regular mail overseas, please be aware that if the mail is lost or not received for any reason, the RCMP does not re-issue or replace the certificate. You would need to provide a new set of applications with the original fingerprint form and full payment.

Which purpose should I select if I am applying for immigration/visa from a country other than Canada and the USA, such as Australia, New Zealand, the UK, South Korea, etc.?

Please select "Visa/Waiver/Border Crossing/Foreign Travel/Work".

Which purpose should I select if the criminal record check is used for Immigration to the USA?

Select "Criminal Record Check for Personal Use (formerly known as Privacy Act Request)" and subtype: Other: RCMP National Repository Entire Holdings. The result must be sent directly to the applicant and cannot be sent to a third party or our office. Therefore, no third-party consent form is required for this purpose. Please make sure to inform us that you are requesting the record for United States immigration (not for travel or other purposes) under the Criminal Record Check for Personal Use. The record will be specifically requested to include the "RCMP National Repository Entire Holdings." Note: although the K-1 visa is legally classified as a non-immigrant visa, you should select this purpose as well.

If the applicant is under 18 years old, can the result be sent to a third party directly?

No. If the applicant is under 18 years old, the result must be sent back to the applicant's address, and it cannot be sent to any third party.

Third-Party Consent Form:**Do I need a third-party consent form if I only need the scanned copy of my result?**

- You still need to provide a third-party consent form to authorize the RCMP to release your result to our agency.
- Instead of providing the name and address on the form, please fill in the special notes as 'Only scanned copy by email is needed.'
- We will keep your result for 10 days in case you still need the original result. After that, the original result will be shredded.

Fees and Payment Methods:**Is there an RCMP fee for my application?**

Please check the application form for details. The purposes with the asterisk mark (*) indicate that the RCMP Fee \$25 CAD applies.

If I only need an email scanned copy of the police certificate, is there any shipping and handling fee?

No, there is no shipping and handling fee in this case.

How to pay with WeChat or Alipay and Email Transfer?

After we finish the verification of your scanned application, a detailed payment instruction will be sent to you based on your choice of payment method.

Can I pay after your office receives my application package?

Full payment must be made prior to sending the application package to us. We generate an internal file once the payment is made, and if we receive an application package with no payment, an additional \$15 CAD administration fee will be applied. If the invoice is not paid in full within three days, the documents may be shredded without notice. Shipping and handling fees will apply if you request the return of the documents.

If you notice that the quality of your fingerprints is not good, we recommend providing at least two fingerprint forms. We will then select the one with better quality.

Can you accept the fingerprints captured one year ago?

Yes, but please be advised that the original date of fingerprinting will be shown on your RCMP police certificate.

Can I request to return my fingerprint card after the application is submitted?

Upon submission of the application, the fingerprint card will be securely destroyed in accordance with RCMP policies. We do not return fingerprint cards. In exceptional circumstances, if the applicant requires the return of the fingerprint card, a handling fee of \$30 plus the applicable courier shipping fee will be charged. Each request will be evaluated on a case-by-case basis, and we reserve the right to deny the return of the card. Returns will not be granted without a valid reason.

Photo:**Why do I need to provide a passport photo?**

We need to scan and submit the photo to the RCMP as part of your application. In most cases, your photo will be displayed on the certified criminal record check result.

What can I do if the photo studio does not have a stamp?

If the photo studio does not have a stamp, please clearly write the name of the studio, its address, and the date the photo was taken on the back of the photo.
